

Your Roadmap to Home Repair

Step
01

Submit Application

A partner Community-Based Organization (CBO) will assist the senior homeowner in completing the online application.

Step
03

Schedule Inspection

CBO will assist the homeowner in scheduling an inspection for the accepted home.

Step
05

Project Approval & Planning

If home repair is viable, the Project Manager will work with all stakeholders to coordinate temporary relocation and a start date.

Step
02

Application Approval

The application will be reviewed and processed in 30 days or less. Once conditionally accepted, the CBO will be notified.

Step
04

Contractor Home Assessment

A Coalition-paid contractor will gauge the condition of your home, estimate a timeframe for completion, and report the findings of their walk-through.

Step
06

Repairs

A Coalition-paid contractor will conduct the approved repairs and take further preventative steps to ensure your home is well-maintained.

Feedback

Once work is completed, CBO will assist the senior in completing a feedback survey within 30 days. This is an opportunity for you to share your thoughts on how changes to your home have improved your living conditions.
